

This course is hosted by
Daniel J. Kindred District Attorney 38TH Judicial District of Texas

The goal of this course is to provide experienced investigators, prosecutors, and probation and corrections personnel with the knowledge and tools to "attack" organized criminal street gangs using a multi-agency, multijurisdictional approach. The concepts taught in this course have been used to effectively dismantle organized criminal street gangs and take back communities that had been previously controlled by these gangs. The course highlights specialized investigative techniques and concepts that have been used to successfully dismantle criminal street gangs that were previously unstoppable by traditional law enforcement techniques. Emphasis is placed upon charging all criminal activities committed by members of the organization in one Racketeer Influence and Corrupt Organization Act (RICO) indictment. In conjunction with this, Continuing Criminal Enterprise (CCE) and Hobbs Act elements are discussed as a means to enumerate all offenses in one RICO indictment. Additionally, a series of practical exercises will be utilized to demonstrate how to prepare for a case funding request as well as the submission and presentation of a RICO case to the court. Students are encouraged, but not required, to bring a laptop computer to the class for use during the practical exercises.
