Course Overview

Whether it’s an international organization like the Crips, Bloods or MS XIII, an ethnic gang like the Latin Kings, or Transnational gangs, this course will provide you with specific strategies and techniques to better investigate these criminal groups.

This course is designed for patrol officers and investigators who are exposed to street and motorcycle gangs. This course will consist of 2 days of streets gangs and 1 day of motorcycle gangs and their effect on the illegal drug trade. The focus is on the methods employed by street gangs to distribute narcotics. Through an overview of gangs, students will become familiar with this subculture and its relationship to the vast narcotics network as well as methods of gang enforcement.

The street gang’s portion will include, but not limited to, Folk People, Bloods, Crips, Asians, Jamaicans, Hispanic Gangs, and Hate Groups. Officer safety in working around street gangs is stressed. Transnational gangs include, but not limited to Mexican, Central American, Caribbean, and Asian origin.
